

2010 Meeting — Guidelines for Paper and Poster Submission

Please submit the following information when submitting a paper or poster.

Title: The title should be short and concise and represent your research.

Presenter Information: Author name, affiliation, phone number, and email address.

Coauthor Information (if any): Coauthor name, affiliation

Type of Paper: Papers may be submitted in one of the following three categories:

1. Oral Presentation, Contributed Paper, Related to Plenary Session: The afternoon following the morning plenary session we will be holding one or two sessions for papers relating to the theme of the plenary session. The theme of the plenary session is "Idaho's Native Fishes: Understanding Their Distribution and Abundance". Papers presented in these sessions must be related to the theme of the plenary session and there is room for up to eight papers in these sessions. These papers will be presented on the afternoon of Wednesday, March 3.
2. Oral Presentation, Contributed Paper, General: These papers may be on any subject related to fisheries or aquatic science, policy, or management. These papers will be presented on the afternoon of Wednesday, March 3; Thursday, March 4; or the morning of Friday, March 5 with the specific time of each paper determined by the program chair.
3. Poster: Posters may be on any subject related to fisheries or aquatic science, policy, or management. Posters and other materials should be capable of fitting onto a 4x4 foot space table space. You will be provided a rigid backing on which to hang the poster whereas you must provide materials for hanging such as tape or push pins. At least one author should be present during the poster session to answer questions. The timing of the poster session is yet to be determined. Please indicate whether or not you want to do a speed presentation on your poster. Poster presenters have the option of doing a speed presentation. A speed presentation is a three minute oral presentation that gives an overview of the poster and can be done with or without slides. The speed presentations will be given at the beginning of the poster session.

Type of Presenter: Presenters should be identified as one of the following:

1. Professional – Any presenter not qualifying as a student
2. Student – A presenter qualifies as a student if he/she 1) conducted or assisted with the study while a student and 2) has not been employed in a professional level position (e.g. biologist, manager, etc.) for more than 4 years.

Abstract: The abstract must be a single paragraph and be 300 words or less. The abstract should clearly and concisely state why you did the study, what you did, what you found, and what your results mean.
